

global-corona.blog guidelines

We have some hints and requests, so that we can publish your contributions on the blog:

- ✓ **For each question (see below) a single post will be created.** Therefore, the questions should be answered individually.
- ✓ **Please do not answer all questions at once.** It would be better if you send us one or two answers per week to keep the blog as up-to-date as possible. Please start with question number 1 plus a question of your choice.
- ✓ **It is possible to send video or text files via WhatsApp or WeTransfer** (<https://wetransfer.com/> → It is free and easy to use and allows <2GB upload). If you decide to send us videos, please use your smartphones for shooting. The sound quality is usually good if you speak directly into it and the videos look very authentic. **Don't care about cutting or the video format. The filmmaker Karl-Friedrich will do this job for you.**
- ✓ **It is important to mention the question** in the video/audio out loud before you answer it with your contribution. Please state **your first name, date and place each time.**
- ✓ **Please let us know by when we can expect the contributions to plan the upload.**
- ✓ For video and audio contributions, **please send us a short written explanation** that we can attach.
- ✓ We would like to point out that your contributions will be available on the <http://global-corona.blog> as well as the videos on <http://youtube.com> and our **YouTube channel** for technical reasons.
